300mm x 1210mm
The classic slate tile border in 300mm x 300mm size.

London Cobble Border

FM 540B
750mm x 150mm
Lightly textured small cobblestones to match the London Cobble mats. Also available in single piece cobblestones in order to negotiate around corners.

Texture Skins

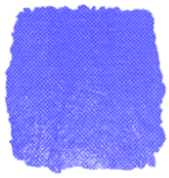
Slate

FM9900FE
1200mm x 1200mm

Stone

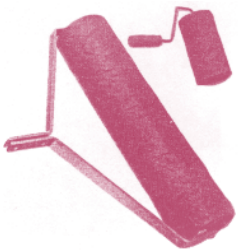
FM9200FE
1200mm x 1200mm

Large seamless texture skins with feathered edges to texture concrete without imprinting grout lines.



Texture Roller

FM 3000
900mm wide roller for imprinting continuous stone texture over plain coloured or stencilled concrete.



Name Stamp

NS 01, 02
Advertise your business name and phone numbers in completed concrete works.

Releaser Brush

SJ829
165mm x 50mm
Used for broadcasting Release Agent evenly and economically without 'splash' marks.

Tamper & Handle

T&H
Used to 'hit' mats into the concrete making sure that an even pressure has been applied to the moulds and a good imprint has been achieved.

NEW PRODUCTS

Patina Acid Stain

PSA01 – 08
5lt, 20lt
A penetrating liquid acidic stain that chemically reacts with cured cementitous substrates to produce weather resistant mottled, variegated and/or translucent colour patterns, resulting in a striking 'aged' look.

Concrete Dyes

CD 01 – 10
5lt, 20lt.
A water-based concrete dye used in conjunction with Patina Stains to achieve a wider colour range and a three dimensional look.

Permastone Coatings

Permastone B – W
20lt pail
Stunning natural granite, quartz and epidote stone coatings in 17 different colours.
Can be applied by hopper gun spray and by plastic trowel
